

TWMBARLWM BIO-BLITZ

Sunday 11th September 2022

An opportunity to wander around Twmbarlwm with an expert to explain the features, flora and fauna found there.

Meet in the car-park at the foot of Twmbarlwm. From there we will be leading two guided walks up on to the hill fort at the top of Twmbarlwm – one at **10:30 am and again at 13:00 pm**. We will be looking at both the history and wildlife of the area (*no need to book, just turn up*). We will encourage everybody to record and report their wildlife sightings to help us build a better picture of the wildlife and flora in the area. All ages and abilities welcome.

Please see website for more details and email us to register your interest (it will help us to know what numbers to expect).

Please dress appropriately for the terrain and weather. You are responsible for your own safety and bring along any refreshments you may need whilst on the mountain. Children under 16 years of age are allowed only under the supervision of a responsible adult. Dogs, unfortunately, are not allowed on this occasion.

Dedicated to research, restore and protect Gwent's most iconic landmark - Mynydd Twmbarlwm
